2019 Developer Boot Camp

OVERALL, HOW SATISFIED WERE YOU WITH THE 2019 DEVELOPER BOOT CAMP?

Somewhat Satisfied 28%

Very Satisfied 69%
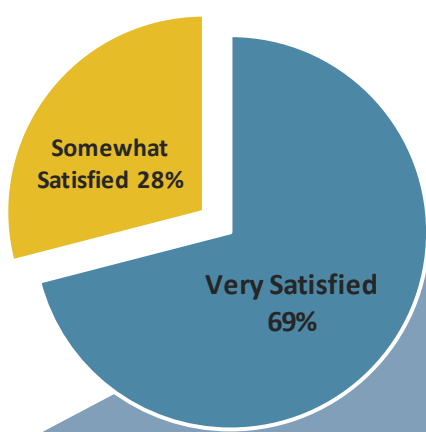

Approximately 100 people from the Affordable Housing and Community Development industry joined us in April at Malcolm X College for our inaugural Developer Boot Camp! Our Boot Camp featured 12 sessions focused on all things affordable housing—from Qualified Opportunity Zones to Due Diligence to Local Issues in Illinois.

31% of participants filled out a survey to share feedback on their conference experience.

We were so excited by the overwhelmingly positive response! All participants indicated they were satisfied with the conference, with the majority of participants (69%) indicating they were Very Satisfied with the conference on a scale from Very Dissatisfied to Very Satisfied.100% of surveyed participants indicated that they would like to see us host more of these conferences in the future!

CONFERENCE RATINGS

Poor Fair Good Very Good Excellent

Relevance of conference content | Provided a forum for exchange of information with others | Quality of presentations | Quality of materials circulated by the organizers | Conference venue/facilities | Format allowed for interactive discussion and questions

Participants gave positive feedback on all aspects of the conference, with the majority of people giving the highest ratings to the relevance of conference contents, quality of presentations and presentation materials, organizational arrangements, providing a forum for exchange of information with other participants and having adequate time for questions and interactive discussion.

When asked to elaborate on what made the conference valuable, participants answered:

"All the sessions were great."

"The knowledge sharing by not only the presenters but also the participants. I'm a newbie in the LIHTC world, and while some of the information went over my head, I learned so much about the process and how deals are structured. I'm going to be studying your slides and using them as a reference for some time."

"Relevant information for the inexperienced to the experienced."

"Topics were current and relevant. Presenters were technical experts, but presented in an approachable way, not taking themselves too seriously."

"Literally everything. The presentations were thorough, heavy, yet detailed and very necessary."

"The concise but complete explanation of the landscape in LIHTC 101 was the highlight for me."

"The LIHTC 101 session provided perspective from all members of the LP. I came away with a greater appreciation for the tax and other implications that partners require. There are details about the flow of tax credits that were clarified. Bond transaction information was extremely helpful."

"Networking with others in the industry. Hearing what investors are looking for and their underwriting standards."

"Networking opportunities, and seemed like attendees very much enjoyed how approachable A&TT attorneys made all this complex information."

But really, what did participants think?

◊ "The session options were ideal and I wanted to attend both. Moderators did an excellent job keeping the pace but challenging those with experience. Very helpful."

◊ "Thank you! For me, the timing was perfect and the information was in concert with other LIHTC seminars I have recently attended to learn as much as I can."

◊ "Tremendously knowledgeable presenters, good pacing of material, great crowd."

◊ "The information was well organized and presented."

◊ "Thank you for putting together a great conference, it was truly a great learning experience and I appreciate all of your time and effort in providing everything in an understandable format. Overall it was a great conference, thank you!"

"Thank you all for putting this on!"

Thank you to everyone who participated in our first ever Developer Boot Camp! Your participation made it a success!

We hope to see you at our next event!
